

SAFETY MANAGEMENT SYSTEM DOCUMENTATION FOR YACHTS UNDER 500GT

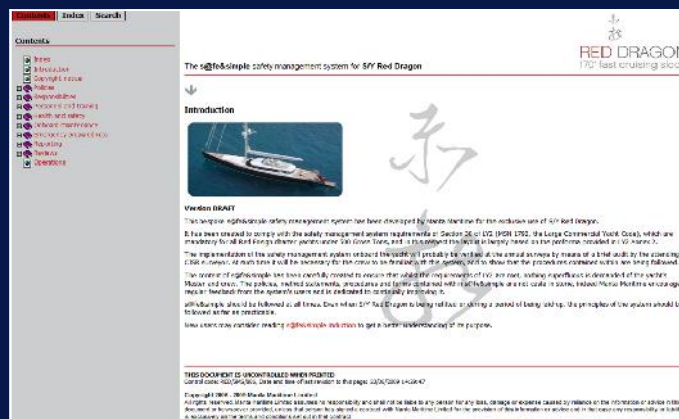

- *s@fe&simple* is Manta Maritime's easy-to-use safety management system (mini ISM) documentation for commercial yachts under 500GT.
- Each *safe&simple* is tailored to meet the client's exact requirements, plus those of the various certifying authorities.
- With proper implementation *s@fe&simple* complies with the SMS requirements of all the commercial yacht codes, and ensures the yacht is operated in accordance with all mandatory rules and regulations.
- By focusing only on safety and pollution procedures, our documentation is very straight forward to implement, and a minimal burden on the crew.
- *s@fe&simple* is available in the three main versions shown below, but custom solutions are also available.
- Versions for management companies and private yachts of all sizes are also available.
